

Hydraulic lift modernization with the Hydroelite Drive & Control System

Hydroelite® Key Benefits

- Installation time cut by up to half.
- Dramatically reduced heat output and energy consumption.
- Complete system tested before delivery.
- Improved ride quality with direct approach to floor.
- Self learning no adjustments to be done by commissioning.
- Full flexibility Pre-engineered but easy to adapt on site.

Hydroelite® VVVF

With the latest development we also significantly reduce the required power supply.

Hydroelite comprise

- 1 Control panel
